Item 13. Financial Statements(a) *Financial Information:*

The Company’s historical financial statements and the accompanying footnotes included in the Company’s Annual Report on Form 10-K for the year ended July 28, 2012, and in the Company’s quarterly report on Form 10-Q for the quarter ended October 27, 2012, are incorporated by reference in this Item 13(a) on Schedule 13E-3. The book value per share disclosure included in Item 13(b) is incorporated by reference in this Item 13(a).

(b) *Pro Forma Information:***Pro Forma Consolidated Financial Statements (Unaudited)**

The following unaudited pro forma consolidated balance sheet as of October 27, 2012 and the unaudited pro forma consolidated statements of operations for the fiscal year ended July 28, 2012 and for the three months ended October 27, 2012, show the pro forma effect of the Reverse/Forward Stock Split and for the year ended July 28, 2012, the August 16, 2012 sale of the Company’s Power Conversion Business. The historical amounts as of and for the three months ended October 27, 2012 were derived from the Company’s unaudited consolidated financial statements that were included in the Company’s Quarterly Report on Form 10-Q for the quarter ended October 27, 2012. The historical amounts for the fiscal year ended July 28, 2012 were derived from the Company’s audited consolidated financial statements that were included in the Company’s Annual Report on Form 10-K for the fiscal year ended July 28, 2012.

The pro forma information below gives effect of the Reverse/Forward Stock Split based on shares anticipated to be repurchased and \$105,000 of non-recurring expenses incurred to effect the Reverse/Forward Stock Split. The Reverse/Forward Stock Split assumes that 350,000 shares are purchased at a price of \$13.50 per share (an aggregate of \$4,725,000, subject to any applicable U.S. federal, state and local withholding tax). Pro forma adjustments to the pro forma consolidated balance sheet are computed as if the Reverse/Forward Stock Split had occurred at October 27, 2012, while the pro forma adjustments related to the consolidated statements of operations are computed as if the Reverse/Forward Stock Split had occurred at July 31, 2011. Anticipated cost savings resulting from the Reverse/Forward Stock Split are not reflected in the pro forma financial information.

On August 16, 2012, after obtaining the required two-thirds vote approval by its shareholders, the Company completed the sale of its Power Conversion business (the “Power Conversion Business”) operated by RFI Corporation (“RFI”) to EMS Development Corporation (“EMS”), a New York corporation and an affiliate of Ultra Electronics Defense, Inc. (“UEDI”), pursuant to the asset purchase agreement dated as of June 6, 2012, by and among UEDI, the Company and RFI. In consideration for the sale of the Power Conversion Business, EMS paid an aggregate of \$12,500,000 in cash. \$1,250,000 of such amount is being held in escrow to serve as security for payments in satisfaction of certain of the Company’s and RFI’s indemnification obligations and \$237,000 is being held in escrow to cover any potential net working capital adjustment. The working capital adjustment is expected to be \$480,000 unfavorable to the Company and is reflected as a reduction to the escrow cash balance, thereby netting \$1,007,000 (classified as restricted cash in the Company’s financial statements). The Company incurred \$709,000 of expenses (primarily severance and legal costs) related to the sale which have been included in the computation of gain on the sale. The Company retained the RFI facility and entered into a lease with EMS. The lease has a term of 5 years, with payments of \$33,000 per month net to RFI, terminable by EMS, as the tenant, upon 30 days prior written notice.

The pro forma information is not necessarily indicative of what the Company’s financial position or results of operations actually would have been if the Reverse/Forward Stock Split and sale of the Power Conversion Business had occurred as of the dates presented, or of the Company’s financial position or results of operations in the future.

The unaudited pro forma financial statements should be read in conjunction with the historical financial statements and accompanying footnotes included in the Company’s Annual Report on Form 10-K for the fiscal year ended July 28, 2012, and in the Company’s Quarterly Report on Form 10-Q for the quarter ended October 27, 2012, which are incorporated by reference in this Schedule 13E-3.
